

CAMON C50

All-in-One Garden Chipper

- 2" Branches
- Leaves
- Conifers
- Brambles

Features & Benefits

The **CAMON** C50 All-in-One Garden Chipper is manufactured by Tracmaster specifically for the Hire Industry. Designed and built for DIY hirers, the C50 is a very effective solution for disposing of garden waste including branches, brushwood and prunings. This superb machine is very simple and safe to operate, and features a removable collecting bag. Extremely easy to transport - the feed chute can be disconnected from the machine allowing it to fit into the boot of the average car.

- 2" (5cm) chipping capacity
- Honda 5.5hp petrol engine for reliability and ease of use
- Separates effortlessly into two parts to fit easily into the boot of a car for easy transportation
- Removable collecting bag for easy disposal of output material
- Full 2-year warranty
